**ABBREVIATION REFERENCE:** AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; TDSA = Tribal Jurisdiction Statistical Area; TJA = Tribal Designated Statistical Area; ANVSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CDD = Census Civil Division; CDP = Census Designated Place; BNA = Block Number Area

**FEATURES**

Highway	Pipe/Power Line	Stream/Shoreline
Secondary Road	Ridge/Physical Feature	Intermittent Stream
Imp./Trk./Water/Flow	Property/Fence Line	Air
Railroad	Navigable Boundary	Glacier
Metals	Inset	Out Area

Where International, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest ranked of these boundaries.

1 A " " following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

2 In 1990, the crew-of-vessels population of ships at sea was allocated to census tracts with a "0" suffix. As another shipyard on the 1990 maps locates a crew-of-vessel tract, these maps show a very small area symbolized as a census tract with the census tract number shown next to the area.

3 A " " following a block number indicates that the block number is repeated elsewhere in the block.

The diagram illustrates various types of boundaries and features in a landscape, categorized into three rows:

- Row 1:**
  - Highway:** Represented by a solid black line.
  - Pipe/Power Line:** Represented by a dashed line with cross-ticks.
  - Stream/Shoreline:** Represented by a blue line with wavy, irregular edges.
- Row 2:**
  - Secondary Road:** Represented by a solid black line with short perpendicular tick marks.
  - Ridge/Physical Feature:** Represented by a dashed line with cross-ticks.
  - Intermittent Stream:** Represented by a blue line with wavy edges, shown as a dashed line in some areas.
- Row 3:**
  - Jeep Trail/Walkway/Trail:** Represented by a solid black line with short perpendicular tick marks.
  - Property/Fence Line:** Represented by a dashed line with cross-ticks.
  - River:** Represented by a blue line with wavy edges, shown as a solid line in some areas.
- Row 4:**
  - Railroad:** Represented by a solid black line with long perpendicular tick marks.
  - Nonvisible Boundary:** Represented by a dashed line with cross-ticks.
  - Glacier:** Represented by a blue line with wavy edges, shown as a solid line in some areas.
- Row 5:**
  - Modality:** Represented by a blue line with wavy edges, shown as a solid line in some areas.
  - Inset:** Represented by a solid black line with short perpendicular tick marks.
  - Out Area:** Represented by a solid black line with short perpendicular tick marks.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "+" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

SHEET 4 OF 25 PARENT SHEETS  
TOTAL SHEETS: 38 (Index 1; Parent 25; Inset 12)

ENTITY TYPE: County  
NAME: St. Johns County (109)  
ST: Florida (12)

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
